

Equity and Inclusion Report 2023

My participation on the AAUW National Equity and Inclusion committee had me participating in Diversity Officer Training, providing information to the AAUW State Presidents on how the Diversity Committee was helping our Diversity Officers. I also attended monthly diversity officer meetings and hosted a webinar on Different Ways to Celebrate Diversity.

This year the AAUW-NYS Equity and Inclusion Committee did not meet as often as I would have liked. It was my intention to host meetings every other month so that the NYS Diversity Officers would meet to discuss any issues or ideas that we could all share together. Unfortunately, we only got a chance to meet twice this year.

I will try again in the Fall to start meeting again with our team to get some momentum on how we can better support each other in working towards being more inclusive.
